

IEEE DAY CELEBRATION

College of Engineering Karunagapally in association with Industrial Applications Society celebrated the IEEE day on 4th October, 2019. IEEE has been that one platform that the souls of students thirsty for knowledge seek and it gives us a gushing pride through our veins. As part of IEEE, the students from our SB went off to mentor and mold the young worthy minds at Sree Buddha Central School. Mr. Akhil Ahammed (NPSS/PELS Jt. Chapter chairperson) delivered a talk on hpw radio active waste and Nuclear plasma invading the mansion of technology and Mr. Hari Prasad taken them to the inculcating concept 3D printing. A brief overview on different IEEE societies were given and an enlightening exposure was given about the Industrial Applications Society on how it's essence flourishes all the other societies.
